## REAL ESTATE TRANSACTIONS

## IN THE SERVICE OF THEIR COUNTRY.

The Paris Realty Co. sold Wednesday for Mrs. Ruby Arnsperger a cottage on Clifton avenue, the purchaser being Mrs. Mattie Johnson. The price paid for the property was not given out for publication.

Three small cottages on Pleasant street belonging to Mrs. Ed. C. Keller, of Louisville, formerly of Paris, were sold Tuesday through the Walter Clarke Real Estate Agency, to Mrs. R. B. Hutchcraft, for \$3,300.

The W. Z. Thomson farm of 518 acres, located about five miles from Georgetown, on the Lexington pike, advertised in several issues of THE BOURBON NEWS, was sold at public auction Tuesday, being subdivided in four small farms. Tract No. 1, 148 acres, was purchased by Ben B. Bridges for \$324 an acre; tract No. 2, 180 acres, was bought by N. M. Thompson, of Woodford county, for \$325 an acre; tract No. 3, 126 acres, was sold to A. Little, of Fayette county, for \$310 an acre, and the fourth tract, 64 acres, was purchased by the latter party for \$305.50 an acre. The entire place brought \$16,864.

As a result of the inability of auctioneer George D. Speakes to make two public sales Wednesday, Auctioneer Charles Peters, of Flemingsburg, conducted the sale for Dr. T. C. Jones, administrator of the estate of Mr. W. T. Jones. He sold a 45-acre tract of land with improvements for \$225 an acre, and an adjoining tract containing 65 acres brought \$166.25 an acre.

Live stock brought the following prices: 110-pounds shoats, \$21.30 per head; cows, \$65 to \$95 per head; horses \$75 to \$100 per head; chickens 90 cents to \$1.10 each; turkey hens, \$5 each; turkey gobblers, \$6.25 each.

## COUNTY COURT NEWS

In the County Court yesterday the First National Bank & Trust Company qualified as guardian of Lee Russell Penn, by furnishing bond in the penal sum of \$5,000.

The Court appointed Allie Hart Miller as guardian of William McClure Miller and Charles Hart Miller, infant children under fourteen years of age, and heirs of the late Dr. William Mac Miller, of Millersburg. Mrs. Miller furnished bond in the sum of \$6,000, with J. F. McDaniel and John H. Stewart, both of Millersburg, as sureties.

Marion Ryles qualified as administrator of the estate of the late Mrs. Emily Collins Smith by furnishing bond in the sum of \$5,000, with Joe H. Shropshire as surety. The Court appointed Deric Johnson, Herbert Shultz and John N. Shropshire as appraisers of the estate.

A warrant was issued for the arrest of George Williams, colored, whom Patrolman George W. Judy styled "the prince of bootleggers." The officer intercepted George as he was alighting from the 6:50 p.m. interurban car from Lexington at Fourteenth street. When George saw Patrolman Judy he retraced his steps and set his basket down, leaving the car at Eighth street and making his escape.

When Effie Cross, colored, left the Louisville & Nashville train at Millersburg, Saturday night, she had a suitcase, which seemed was weighted down with something heavier than ordinary wearing apparel. Constable Linville took charge of the suitcase, which, when opened, revealed its contents upon actual count to be twenty pints of whisky. She was brought to Paris and lodged in jail, while the suitcase and contents were held as evidence. In Judge Batterton's Court yesterday the hearing resulted in her being held to the grand jury in \$200 bond. Failing to furnish this she was remanded to the custody of Jailer Taul.

## WILL OF MR. THOS. H. CLAY, JR., PROBATED.

In the County Court, Wednesday, Judge George Batterton probated the last will and testament of the late Mr. Thomas Henry Clay, Jr., who died several days ago at his home, "The Heights," on the Winchester pike, near Paris.

Mrs. Elizabeth Woodford Clay is made executrix of the will, with the request that the Court require no bond of her, and that no inventory or appraisal of the estate be made.

No provision is made for his two children, Thomas Henry Clay, III, and Elizabeth Woodford Clay, because Mr. Clay expressed the belief that their mother would do what is best for them.

The document, which bore date of October 21, 1916, is short, and makes the following disposition of his property:

"I Thomas Henry Clay, Jr., of Bourbon county, Kentucky, being of sound mind and memory make this my will.

"First—I direct that all of my just debts be paid as soon after my death as practicable.

"Second—I give, devise and bequeath to my beloved wife, Elizabeth Woodford Clay, my entire estate, both real and personal, absolutely and in fee simple, with full power to sell and dispose of same in any manner in which she may see proper.

"I do not bequeath any property to my children, Thomas Henry Clay, III, and Elizabeth Woodford Clay, because I know their mother will do what is best for them.

"I appoint said wife, Elizabeth Woodford Clay, as executrix of this my last will and request that the court require no bond of her and that there be no inventory and appraisal of my estate.

"Written and signed by me this twenty-first day of October, nineteen hundred and sixteen.

"(Signed) THOMAS HENRY CLAY, JR."

## FARMERS' MEETING AT COURT HOUSE MONDAY.

There will be a meeting of the farmers of Bourbon county at the court house at Paris on Monday, March 3, at 1 p. m., for the purpose of deciding upon the advisability of employing a County Agricultural Agent and a Home Demonstration Agent. Judge Batterton and the members of the Bourbon County Fiscal Court request your presence at this meeting in order that you may express your views in the matter.

The meeting will be addressed by the Hon. Mat. S. Cohen, Commissioner, who has made a remarkable record, and who is blessed with the divine gift of eloquence in addition to his other numerous qualifications. You will also have the pleasure of hearing Mr. Morgan O. Hughes, of Bowling Green, who was featured in a recent article in the "Country Gentleman" under the title of "The Best Farmer in Kentucky." In 1917, after paying all expenses on his two hundred and fifty-five acre farm, Mr. Hughes had a clear profit of over \$50.00 per acre. Any remarks he may care to make will be worth traveling many miles to hear.

Bourbon county farmers may never again have an opportunity of hearing the two foremost agriculturists in Kentucky upon the same platform, so do not forget this meeting. Be sure to bring a friend.

## COLLECTOR EXPLAINS AS TO INCOME REQUIREMENTS.

Collector of Internal Revenue Elwood Hamilton, of Lexington, is receiving frequent inquiries as to the amount to be included under the head of "gross income" to be reported in income tax returns. Collector Hamilton makes the following explanation for the benefit of tax-payers:

In making out the return of gross income, the tax-payer is required to account for practically every dollar he received during 1918. The following items must be reported:

Salaries, wages and commissions for personal services, including bonuses.

Interest received on notes and deposits in banks, including saving banks.

Dividends on stock, whether received in cash or stock. Only dividends paid out of earnings or profits accrued since March 1, 1913, are taxable, but dividends are deemed to be distributed out of the most recently accumulated earnings.

Profits resulting from purchases and sales of property, real or personal. If the property was purchased before March 1, 1913, the profit is based on the difference between the selling price and the fair market price or value as of March 1, 1913.

Profit from stock market transactions.

Income received from fiduciaries, that is amounts received from income of estates, trusts, etc., through trustees, administrators or executors.

Net partnership profits, whether divided or distributed or not.

Royalties from mines, oil and gas wells, patents, copyrights, and franchises.

## WARNING TO THE PUBLIC

Merchants and others are hereby warned to be careful in cashing checks bearing my purported signature. I will not hold myself responsible hereafter unless checks are known to have been signed by me personally.

## KENTUCKY SENATOR PLANS TO VISIT BATTLEFIELDS.

Senator George B. Martin, Kentucky's junior Senator, is planning to make, upon the expiration of his term, the fourth of next month, a trip to Europe, where he intends to visit the devastated battlefields.

He will also visit London, Paris, Brussels and probably Rome. Senator Martin has not yet decided on a definite date for his departure from this country, but he hopes to go on the George Washington when the President starts on his return to the Peace Conference. Senator Martin will visit his home before sailing.

## EXTRA 45 DAYS TO FILE COMPLETE TAX RETURNS.

Income tax-payers, both corporation and individual, will be granted 45 days from March 15 for filing their complete tax returns if they notify collectors in writing that they can not complete their returns by that date. In making this announcement the Internal Revenue Bureau reiterated, however, that 25 per cent of the estimated total tax must be paid by March 15.

## KENTUCKY REPRESENTED ON PERRY MEMORIAL COMMISSION

Creation of a commission to control the memorial on Put-in-Bay Island in Lake Erie to Commodore Perry's victory, is provided in a bill passed by the House and sent to the Senate. The commission would consist of three members from New York, Pennsylvania, Rhode Island, Michigan, Kentucky, Illinois, Massachusetts and Ohio, the States which contributed to the building of the memorial.

Collections of 200 technical books each have been sent to each army base hospital by the American Library Association.

### The Blessing of Ignorance

Even if the fortune tellers could "read the future," they would receive the patronage of the wise people of the world. For the wise people of the world do not want to know the future; they know and understand the blessings of ignorance.

The Los Angeles Times sizes it up about right, in discussing this blessed ignorance which prevails, and which will always prevail. "If we could know that within a given time," it says, "whether of weeks, months or years, our friends and relatives would be taken from us, or we from them, our every meeting would be heart-breaking and every temporary parting full of almost unbearable sorrow. If we are sure, when we meet even a casual friend, that we would never see his face again, how filled with solicitude we would be for his welfare, how kind and considerate we would be toward him, and how poignant would be our hidden grief in bidding him good bye."

And it is not only in the matter of calamities that it is well we are ignorant of what will happen in the future. There would be less of pleasure if we knew in advance exactly what would happen in the way of pleasure. It would be like robbing the children of the great pleasure of Christmas by showing them the presents which we expect to give them. If it were not for the blessed ignorance which prevails, there could not be any delight in expectancy.

### Just a Dog.

He was just a common dog. Nothing throughbred or pedigreed about him. The kind of a dog one sees every time one walks down one of our streets. His master was out of humor about something and the dog was the only being within reach, upon which he could give proper vent to his anger. There was a vicious kick, a whine of pained surprise, and the poor animal dodged away. A boy was standing on the curb, unnoticed by the dog's master, and as the poor fellow passed with head down and tail pulled tightly between his legs, he stroked the dog's head and uttered a word of pity. Instantly the tail was active, wagging from side to side and into his eyes came an expression of the deepest gratitude. That dog was smiling. And he tried to talk to that boy with his little yelps pushed out by utter joy. He knew he had found a friend.

There was a shrill whistle—a note

of command—and the dog looked toward his master, the man who, but a moment before had bestowed the brutal kick. But away he went, still sending out the glad little barks. He rubbed his nose against the leg of his owner and was ready and anxious to do its bidding. Ready to lick the foot that kicked him.

And as they disappeared down the street, we wondered—still we wonder—if, when the dog leaves this life—breathes his last—we wonder if it is all over with him. Does he live his allotted time to serve and to accept the human kicks and then go out for all eternity?

The unselfish animal—with not a thought but to please a master or a mistress, surely must have a place just the same.

And when we see a woman or a man, with thoughts only for self, we cannot help thinking that the Creator in His infinite wisdom, has prepared and keeps a place for the faithful dog.

### WILL PROBATED.

The last will and testament of the late Mrs. Sallie Cantrill, wife of Mr. E. F. Cantrill, was probated in the County Court yesterday. The instrument was dated August 16, 1910, and directed the payment of her just debts and funeral expenses.

After providing for the erection of a headstone at her grave, Mrs. Cantrill left her real estate to her two children, Miss Cantrill and Mr. Llewellyn Cantrill, for life, after which it goes to the blood heirs of Mrs. Cantrill. Provision is made for the sale of any real estate left by deceased and the reinvestment of said funds. Mrs. Cantrill leaves her personal property to her children in fee.

Mr. Llewellyn Cantrill qualified as administrator of the estate with the will annexed, giving bond in the sum of \$2,500, with Mr. E. F. Cantrill as surety.

### PRICE CONTROL OVER FUEL HAS CEASED.

All price control exercised by the Fuel Administrator over anthracite and bituminous coal and coke has ceased, under a blanket order signed by Fuel Administrator Garfield and made public recently. Zone regulations concerning oil and natural gas, premulgated under the Lever act as war measures, also are rescinded.

Virtually little work for the Fuel Administration will remain when the order goes into effect, but officials said it would continue in operation until peace was formally declared and would keep a close watch on the fuel situation and if necessary arises, restore any and all of the regulations, which now are rescinded.

Announcement that regulations governing bituminous coal and coke would be abolished was made some weeks ago and officials said then that there should be a drop in the price of both commodities. The order affecting anthracite was not announced until later and there were conflicting views as to its effect on prices.

BARROW HOSPITAL UNIT GIVES MINSTREL SHOW.

The boys of the Barrow Unit, assisted by the nurses and clerical force recently "put on" a minstrel at Salisbury Court, in England, where they are stationed. In memory of Kentucky and home, it was called the "Dixie Minstrels."

All day, one of the unit writes, boys worked to put up the stage and the girls of the unit worked on the costumes and decorations.

The members of the chorus wore black and white costumes, and the end men and the interlocutor wore white and black costumes—that was the difference. And each member of the Kentucky company in England wore a yellow chrysanthemum as a buttonhole. The decorations of the stage were also arranged effectively in yellow, black and white.

Honor guests at the performance were Colonel Barrow and his staff, and a number of guests of Colonel Barrow, who came up from London for the minstrel.

Miss Minnie Robinson, formerly a member of the nursing staff at the Massie Memorial Hospital, in this city, had several numbers on the program. Miss Robinson assisted Private Leonard C. Roy, in a musical sketch, "Hello, I've Been Looking for You," and played the part of "The Poor Butterfly," in a sketch of that name, assisting Private Jack Turner. Private Douglas Clay and John H. Moran, of Paris, also took part in the program, though all the star parts had been assigned before their names were reached.

WHALEY BUYS SADDLER AT THE LEXINGTON SALE

At the winter auction sales held in Lexington, Friday, by the Kentucky Sales Co., Mr. W. H. Whaley, of this city, purchased the fine saddle mare, Elkhorn Queen, brown mare, 10, by Bourbon King—Black Beauty, for \$100.

Mr. Allie G. Jones, of North Middletown, sold several fine animals at this sale, the stars of which were Mistress, a dark chestnut mare by Lochinvar, a son of Bourbon King, that went to W. C. Dierks, of Pittsburgh, Pa., for \$850, and Paulina Bradford, another chestnut mare, daughter of Bourbon King, and the champion three-gaited mare, Eudora, which went to A. D. Williams, of Buffalo, New York, for \$590.

Seventy-five head in all were sold by Auctioneer Bain, for a total of \$25,000, an average of slightly under \$325 per head. Horsemen were present from all over the United States, and the bidding for the most part was spirited. The highest price realized was \$2,500, paid by Robert E. Moreland, of Lexington, for the five-year-old stallion, Highland Choice, which headed the dispersal stable of McCray Bros., of North Middletown. The second highest price for the day was also paid by Mr. Moreland, who purchased the chestnut mare, Nicolette, for \$1,000. She has been shown for the past three seasons and has proven herself a high-class mare.

## YANKS SEE LITTLE HOPE TO RETURN BEFORE JUNE.

The announcement from Washington that the American troops in Northern Russia are to be withdrawn at the earliest possible moment in the spring was received with joy by the troops themselves, but official critics and also the Russian population are anxious to know whether other troops will be sent to replace

them, or whether it means the com-  
Navigation is now closed except for ice breakers incapable of carrying a large number of troops, and, according to naval advices, June will be the earliest month for the opening of the ice floes.

The American troops affected by the announcement are the 339th Infantry and one battalion of the 310th Engineers, all draft forces entitled to demobilization after the conclusion of the war. There is considerable speculation in Archangel whether they will be replaced by regulars or marines.

## IN THE SERVICE OF THEIR COUNTRY.

In view of the fact that the war revenue bill provides for a bonus of \$60 to all discharged men, the House conferees receded from their amendment granting officers and enlisted men one month's pay upon their discharge.

An agreement has been reached by House and Senate conferees on the bill permitting discharged soldiers, sailors and marines to retain their uniforms and granting them five cents a mile traveling expenses from the point where they were discharged to their homes.

The Senate has passed the House bill directing the War Risk Insurance Bureau to resume payment of allotments to enlisted men of the army and navy, which it discontinued last July. Because of minor Senate amendments the bill was sent to conference. The cases of more than 20,000 men in the service are affected by the measure.

Private John Monson, of Paris, who has been in the thickest of the overseas fighting, going over the top with the American troops five times and participating in the last big battle prior to the signing of the armistice, has been heard from after a long silence. A telegram to his mother, Mrs. Charles Monson, of Paris, tells of his safe arrival at Newport News. Mrs. Monson was taken by surprise, thinking her son was still in one of the army camps in this country.

Capt. William Collins is now at the home of his parents, Mr. and Mrs. John T. Collins, near North Middletown, having received his final discharge from the service. Capt. Collins recently returned from overseas, where he was with the American Expeditionary Force.

Mr. and Mrs. Walker Kiser, of the county, have received information from their son, Corporal Elmett Dickson Kiser, announcing his safe arrival at Newport News from France. He is now at Camp Zachary Taylor, Louisville, awaiting the papers that will give him his discharge from the service.

After a silence of several months Edward Fitzpatrick, formerly a member of THE NEWS force, writes from Cuba, stating that he is stationed on the U. S. S. Mississippi, in Cuban waters, that he is hale and hearty, and hopes to be able to pay Paris a visit in the spring. This is the first message THE NEWS has had from our "sailorman" for many months. The last heard of him was contained in a letter from a shipmate, W. O. Pennington, who said he heard that Fitz had married a wealthy Philadelphia girl. Fitz has never written to confirm or deny the assertion. Here's congratulations from THE NEWS force, if the news is true.

Letter From Corporal Monson.  
Camp Stewart, Virginia.

Feb. 18, 1919.

Dear Father:  
I suppose you thought I was lost. You know I never wrote you for six months.

But I have arrived at Camp Stewart, Va. Send me about thirty dollars. I am thinking about coming home soon.

Dad, I want to tell you what a hard time we had whipping those Germans, and God helped us to save our country. We were among the first to cross. The first cannon I ever fired I found afterward killed a thousand Germans.

One time a bunch of us were cut off from supplies and surrounded by Germans. Almost starved we were about to give up when our Captain asked for two volunteers to go with him for help. Another fellow and myself volunteered. We were four days without food, and only had water out of a river mixed with blood. Well, the other fellow and myself started out and traveled about half way and it got too hot for us. The bombs were singing and buzzing, and the bullets were whistling past; airships were in flames in every direction. Oh, it was awful! Finally we could not stand it no longer. We dropped into a shell hole. I thought hell had been turned loose. We had no sooner hit the bottom than we found two live Germans to fight. Then we had a fight sure enough. We killed them both. We waited until about midnight when it got quiet again, except the Huns would get nervous every once in awhile and send a bomb over. But we could dodge easy. We started to run for help for we were not far from our own line, and soon 2 or 3 thousand troops started out again and the Allies won the victory and saved the company which had been surrounded. Then we had the Germans on the run and kept them on the run.

I will tell you more when I come. I have not told you one-third yet.

How are all the family?

I close for this time.

Your dear son,

(Corporal) JOHN MONSON,

42nd Coast Artillery,

Camp Stewart, Virginia.

P. S.—I will be home soon.

GETTING RID OF COLDS.

The easiest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract another cold before you have recovered from the first one, and there is serious danger in this. A man of middle age or older should go to bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.

## STANDBY ARE SAFE

Seed catalogs are interesting reading now that the sun is swinging back toward the north. They, of course, list all the old standbys; but they also have a number of attractive novelties with exquisite illustrations in vivid colors. The farmer and his wife should by all means try some of the novelties just for the excitement of the game. However, the old, tried-and-true, standard varieties should be bought in quantity to furnish the backbone of the garden operations in 1919. Circular No. 67 might offer some timely reading matter on gardening just now when the garden fever is developing. A line to the College of Agriculture will bring it in the near future as it is now on the press.

## HEADS WIN.

A big arm and a big stick used to win win in warfare. Heads full of trained brains won in this war. Big muscles used to succeed in farming. Heads win in farming to-day. Heads are trained in high schools. They are given an extra polish in colleges and universities.

## WASN'T TOO OLD TO LEARN

The scientific feeding of pigs is winning its way in the Trace Creek School district. Recently an old farmer of seventy-one, got up at a meeting at the school house and said:

"I'm 71 years old and have fed hogs all my life, but I've learned more the last year watching Bessie Downing feed her pig than I've learned the seventy years I've lived. I thought that stuff about a balanced ration and all sorts of experiment business, was all bosh; but I've seen that I'm all wrong. I invite any of you over to see my two pigs that I'm feeding according to Bessie's instructions. I've got two real pigs and they ain't eating their heads off either."

## HENS SHOULD DO DUTY.

Eggs are still a good price, so every hen should do her duty. The proper food will do everything in helping her to lay the eggs she should. "Feeding for Winter Eggs," Circular No. 66, gives balance rations. The mere asking the College of Agriculture at Lexington will bring it at once.

The Germans may continue to sing the "Watch on the Rhine," but it will be a long time before they will be allowed to wind it up.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists: Take one or two nightly and note the pleasing results.

## MOVING DAY IN PUMPKIN CENTER.

The approach of March each year brings about the annual moving-day for farm tenants, and tobacco people, who sense the approach of the great day with unerring instinct.

Loaded with "household plunder" wagons have been passing for several days, and especially yesterday, over the pikes of Bourbon county, en route to new locations where the toilers will begin again the work of setting up their homes for the season.

It is a custom perhaps better known and observed in Central Kentucky than in any part of the country, and when the first of March gets close at hand, it doesn't require much explanation as to the cause of the migration.

## LARGE GROWTH OF THE EXPRESS BUSINESS.

Pointing out the tremendous growth of the express business in recent years, Agent Collier stated that more than 300,000,000 shipments a year are being handled by the American Railway Express Company, which is operating the express business on all of the railroads of the country. About 135,000 employees are now engaged in various branches of the service.

He declared that this made it the most extensive transportation organization in the world and that the centralized management has made it possible to strengthen and better the service since the merger of the previously separate lines. The consolidation has also cleared the way for an aggressive drive to improve internal operating conditions and methods, and the Better Service Campaign is the first step in this direction.

## INFORMATION WANTED

Postmaster J. Walter Payne has received the following letter from Mary A. Burt, of Ripley, Brown county, Ohio, asking for information concerning the Anderson family, supposed to be residents of this city or county. If anyone can supply the needed information they are asked to communicate with Postmaster Payne or with the writer of the letter. The letter follows:

"Ripley, Ohio, Feb. 25.  
Postmaster, Paris, Ky.

"Dear Sir:—am writing to you to find out if there are any people by the name of Anderson living in your neighborhood. The ones I want to know very particularly about were named James Anderson and Thomas Anderson. One of the name of Anderson died about forty-years ago. His name was Abijah Anderson. He is the one that I want to know something about. If you know of anyone in Paris or in Bourbon county who can give me some information in regard to his death or as to the time of his death, I would be very glad to receive it.

"I was his wife at that time. Before my marriage I was Miss Mary Sadler, of Paris. I had relations there at that time by the name of Gilmore. This was some time ago, of course, but I thought some of the old people of the city or the county might know something of my people. Please let me hear from you.

"Very Truly,  
MARY A. BURT,

REV. QUARLES PAYS TRIBUTE TO GEN. YOUNG.

At a mass meeting of colored citizens held in Louisville, Rev. R. Quarles, of Paris, was one of the speakers. Rev. Quarles paid a fervid tribute to the memory of the late Gen. Bennett Young, of Louisville, saying in part:

"I have known our great friend for many years. I hold in my hand a letter given me in the interest of the Orphans' Home, of which institution he was president for more than 25 years, a letter commanding me to the charitably inclined everywhere. In the most friendly manner Gen. Young always received me and others of our race. Truly he was a sincere friend, a noble souled man. Thank God for the public spirited white friends, and they are not a few."

Rev. Quarles, who is now serving as pastor of the Oakland Baptist church, in Louisville, said in the conclusion of his address:

"I have also in mind the very recent deaths of two of the most prominent friends of our people, Hon. J. T. Hinton, for years Mayor of Paris, and one of the most successful and liberal business men that city has ever produced, and Mr. Thomas Henry Clay, Jr., one of the county's best men. They were both true-hearted and good friends of our people, and I can never say enough in their praise."

## HOW UNCLE SAM DEALS WITH TAX-DODGERS.

How does Uncle Sam deal with tax-dodgers? This inquiry, which was prompted by the severe penalties provided in the new revenue bill, has brought from Commissioner Daniel C. Roper, a frank statement as to the Internal Revenue Bureau's attitude toward those who attempt to evade taxation.

"Any person who deliberately conceals tax liability, or who falsifies a return in order to reduce or evade any internal revenue tax, or who deliberately abets such concealment or fraud, finds arrayed against him the entire strength of this Bureau pressing for full civil and criminal penalties. That is the attitude toward the tax-dodger, expressed in one sentence. Whether he is a moonshiner, a stealthy trafficker in habit-forming drugs, a juggler of income figures, a delinquent in making the sworn return the law requires, or a revenue violator of any other kind, the Bureau is charged with the duty of detecting him out and exacting the full punishment provided in the law.

"Toward the taxpayer who means to comply with the internal revenue laws, fully and honestly, the Bureau extends a helping hand. Co-operation with the taxpayer is our watch-word and objective.

"These two contracts—the teeth of the law for the tax-dodger and the violator, and the aid of every lawful agency for the voluntary taxpayer, are policies necessary to the administration of tax laws under modern conditions.

"One of the most difficult of the many problems in tax collecting is to classify those who fail to fulfill the obligations imposed by law. The Bureau is obliged to maintain a large staff and to use the utmost discretion in properly labeling these cases. Even-handed justice is a heavy responsibility, and only through careful siftings can delinquents be classified.

"There are three distinct classes of delinquency with which we have to deal. First, the taxpayer who had reasonable cause, brought about by exceptional conditions beyond his control; secondly, the fellow who didn't look up or didn't realize his obligations, and thirdly, the person who willfully evaded compliance with the law.

"As for the man who shows a reasonable cause within certain lines established by the Bureau, no penalties are asserted. All other delinquent are more carefully investigated before prosecution is begun. Many of these offenses are caused by ignorance. Failure to make the reports required by law may in some cases warrant severe penalty, as where the delinquent continues his delinquency after being warned of the penalty for failure to make return. However, if the delinquent takes immediate corrective action, and it is clearly established through investigation that he did not wilfully violate the law, the Bureau allows him to compromise his liability to specific penalty by tendering a nominal sum of money. In such instances the money is not really in compromise but assessed to impress the taxpayer against future violations.

"But there is no relief, no compromise, for the man who willfully evades, neglects, or falsifies. He is classed with other law-breakers in the eyes of the Bureau, and is vigorously prosecuted in the courts. No other course is open to the Bureau, in meeting fairly and squarely the demand of the willing taxpayer "I will—the other man must." There is a solemn responsibility that exists between the honest taxpayers and the Bureau to locate and punish the dishonest tax-dodger.

"For a decade the drift of Federal taxation has been from the indirect tax toward direct payment by each citizen and resident of his just share of the cost of government. Gradually the circle of direct taxpayers has been increased, and under the new revenue law the extension will include hundreds of thousands who never before filed declarations with the Government.

"We are, therefore, now come to another milestone in national progress. We approach a new test of the soundness of a government of, by and for the people. The test is whether our wonderful victory of liberty is worth the cost as apportioned to the private pocket-book by the people's representatives.

"It is such a big thing, this collection of taxes directly from private funds and business funds, that nothing short of our best American co-operative effort can make it successful and, hence, just. The Bureau seeks this co-operation of the people in collecting the revenues. It has never been denied or stunted; anything less than the great, voluntary outpouring of shares in the national assessment is unthinkable.

"And it is such a big thing that the willing taxpayer must have the guarantee of this Bureau that the laggards, the jugglers and the violators will not escape taxation and penalties. The Bureau is fulfilling its part of this contract with the people—this contract that means so much in the practical, effective and just administration of the Internal Revenue laws."

## 305,000 AMERICANS HAVE EMBARDED FOR HOME.

Up to February 11, 305,000 soldiers abroad had embarked for home, 63 per cent. of them being brought in American ships, General March said. In fact the first ten days in February alone 68,000 had embarked. The total landed was given as 227,000, the remainder being still at sea.

General March announced that fifty-six cargo vessels now have been ordered converted into troop ships, giving an additional capacity of 120,000 men per month and forecasting greater speed in the return of the troops.

## MISSING IN ACTION

All through those apprehensive days of the growing casualty lists one feature of the reports was the number "missing in action."

Around these uncertainty mounted like a shark.

And as the days went on, more and more laggardly with never a word of encouragement, apprehension gave way to the leaden weight of despair.

So in many cases not until the signing of the armistice was there even the slightest ray of hope. In some none ever came.

But many of these victims were found to be in German prisons. Some had been wounded. Some, overcome by weight of numbers, had been taken prisoners outright. Many were more dead than alive.

But every one of them had done his part to the utmost.

Not all of us stay-at-homes can say as much.

We have had to face the music here at home. We have answered the call of Uncle Sam, the challenge of duty, the urge of loyalty to what most of us have considered the best of our ability.

Yet not one of us have done our utmost.

And a lot of folks have been "missing in action" without having done anything at all.

Simply laid down their arms and surrendered without firing a shot.

Played the traitor to Uncle Sam, to the country, to humanity, to the boys at the front. To their wives and mothers.

None of us can afford to be in that list. Few will care to be once they think it over and realize their position.

Every one of us should win a decoration, the only one possible for us.

The mud on Pleasant street has also been scraped up, and it is now possible to cross the street without calling for help. For all of which Parisians are truly thankful!

**REPORT OF SALES.**

Auctioneer M. F. Kenney furnishes THE NEWS with the following report of the sale which he conducted Tuesday on the premises, on the Bethlehem pike, near Paris, for Mr. Wm. Farris:

Horses, \$127 to \$150 a head; cows, \$65 to \$150 a head; sows, with young pigs, \$35 to \$65 a head; hay \$25 to \$27 a ton; tobacco sticks, \$21 a thousand; seed corn, \$4 a bushel; chickens, 90 cents to \$1.00 each; farming implements sold at good prices; attendance good.

**EVEN KIDS HAVE TO FIGURE IN INCOME TAX.**

Babies born in 1918 will bring varying income tax exemptions to their parents, depending on month of birth. A child born in January, 1918, gives a \$200 exemption, in addition to the \$2,000 allowed married persons, but if a child was born in July, the parent is entitled to an exemption of only \$100 on the infant's account. If the child was born in October the taxpaying parent is allowed only \$50 exemption, or one-fourth of the \$200 normal exemption. This is a reversal of last year's policy. Then the status of a taxpayer on the last day of the year determined his personal exemptions.

**"SLAUGHTER OF INNOCENTS"**

Fourteen dogs on which the owners had failed to pay the required license became victims of the killer in Claysville yesterday.

Fourteen residents of that classic village were fined \$10 and costs each in the County Court yesterday on a charge of harboring and owning a dog on which no license had been paid. The fourteen persons promptly proceeded on their return to empty the contents of shotguns into the anatomies of the fourteen dogs. Those who were fined were George Newton, Arvie Finch, Jim Brown, Gertrude Warren, Lula Cage, George Brooks, Porter Warren, Annie Coleman, Annie May Evans, Sanford Blackburn, Garrett Jackson, Hal Brooks and Dave Biddle.

**TOUGH LUCK.**

Luck comes in various kinds of guises—also bad luck—and generally the latter. Along this line THE NEWS heard just in a casual sort of way a few nights ago that a Paris man, anticipating the drouth and the rise in prices in consequence of the signing of the revenue bill by President Wilson, purchased a stock of liquors, comprising several quarts of the stuff that brings joy and happiness, and brought it to Paris with him. The goods were taken to a local garage, where it was supposedly safe, and stored there temporarily while the owner, or purchaser, went out to complete his local shopping purchases. On his return he went to his machine to look after the safety of his "medicine," and to his horror found the whole consignment had disappeared, and he hasn't located it yet, according to the well-posted ones.

**BOURBON MUST WAKE UP ON MEMORIAL QUESTION**

Are Bourbon citizen appreciative of what our soldier boys have done? Apparently not exclusively so. They are not rallying to the memorial in such a way as to demonstrate any great amount of gratitude. Why? Surely because they have not stopped to think.

We sent our boys away with a hurrah and a God-speed, and promised to stand back of them in their great crusade. We did stand back of them. Bourbon county has cause to be proud of her record in every patriotic appeal of the Government and welfare organizations. Many of our heroic boys are not coming back. Some are sleeping in the soil of France and Flanders; others died less gloriously before they were permitted to even cross the seas.

Those that come back, will, like all our American sons, be covered with glory. They all, the living and the dead, merit our honor and the tribute of a lasting and adequate memorial.

Some of our patriotic citizens are trying to promote such a memorial, but the general citizenship of the county has not rallied as is their habit. Wake up, folks! Get back of this worthy enterprise and put it over in the good old Bourbon county style.

A mass meeting will be held on Sunday, March 9, to take further action in regard to the memorial. Let everyone attend and help the movement along!

## All Smoking Tobaccos are Flavored

"Your Nose Knows"

The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavor and burning qualities of the leaves."

Your smoke-enjoyment depends as much upon the Quality and kind of flavoring used as upon the Quality and aging of the tobacco.

Tuxedo tobacco uses the purest, most wholesome and delicious of all flavorings—chocolate! That flavoring, added to the finest of carefully aged and blended burley tobacco, produces Tuxedo—the perfect tobacco—

"Your Nose Knows."

TRY THIS TEST: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—it's delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—"Your Nose Knows."

MOTHER GIVES CHILD'S RELIC FOR RELIEF.

One of the proofs of how the story of the unparalleled distress of the little nations of the Near East has come home to the hearts of the American public, was typified in a letter at New York headquarters received from a lady in Missouri, who wrote Cleveland H. Dodge, Treasurer of the Committee, as follows: "Enclosed you will find a draft for a small amount to help a little in relieving the suffering in Western Asia. I am also sending a ten-cent piece which I have kept for over 30 years, because it was found clasped in my baby's hand when he died, but I feel that I have no right to keep it longer when other babies are starving."

At a luncheon last week of workers of the American Committee for

New York City, this story was told, relief in the Near East Campaign in and it was asked whether there was any one person who would like to make a special gift to the Armenian cause in return for this priceless little blackened ten-cent piece, and return the precious relic to the mother who had been capable of such a supreme sacrifice. Two offers were made, one being for \$100, which was accepted. If all Americans were giving in the spirit of this mother the \$30,000,000, required for the rehabilitation of the Near East would not only be raised, but overpassed within a very short time.

### "TAPS" SOUNDED FOR FAMOUS CONFEDERATE GENERAL

Gen. Bennett H. Young, soldier, attorney, author and former commander-in-chief of the United Confederate Veterans, is dead. The death of Gen. Young came Sunday afternoon at 3:05 o'clock at his home, 429 West Ormsby avenue, in Louisville. Few of his friends knew that he was seriously ill. Two weeks ago he went to Florida in the hope of improving his health.

He was barely able to walk Saturday night when he was brought back to Louisville.

After traveling in a private state-room and under the care of his wife and daughter, who joined him at Atlanta, the journey was too much for Gen. Young. It was necessary for Dr. Curran Pope to meet him at the Union Station with an ambulance. This was at 9:30 o'clock Saturday night. The patient was put to bed at once. He gradually sank until his death Sunday afternoon.

Gen. Young was born at Nicholasville, Ky., May 25, 1843, the son of Robert and Josephine Henderson Young. Although but 17 years old at the outbreak of the Civil War, he served with Gen. John M. Morgan's famous cavalry command and was in command of the St. Albans raid. At the end of the Civil War, Gen. Young spent three years in exile on account of the refusal of President Andrew Johnson to include his name in the amnesty proclamation. While exiled he completed a course of law and literature in the Queen's University of Ireland, and attended a year's lecture at the University of Edinburgh.

Gen. Young returned to America with such exiles as Jno. C. Breckinridge, Jas. M. Mason, T. T. Hawkins, Charles J. Helm and John B. Castleman. He was known as the "baby exile," all the others being men well advanced in life, while Gen. Young was but 22 years old. He began the practice of law in Louisville upon his return to the State. He never had held a public office except that of member of the Constitutional Convention of 1900.

Gen. Young was appointed by Gov. McCreary in 1876 to represent Kentucky at the Paris Exposition.

Gen. Young held degrees from many colleges and universities. His earliest studies were at Centre College, Danville, Ky. In addition to the two foreign universities at which he studied, he held an honorary master of art degree given him by the Southwestern Presbyterian University, and a doctor of law degree, voted him by King's College, Tennessee, in 1891.

Gen. Young was in his seventy-sixth year, and a native Kentuckian. In 1913 he was given the highest honor possible for the old Confederacy to bestow on one of its faithful followers of the early sixties, when he was elected commander-in-chief of the United Confederate Veterans. He held this high post of honor until 1916, when he retired and was made honorary commander-in-chief for life.

One of the last survivors of a memorable and heroic generation, Gen. Young was long a prominent figure in the business life of Louisville and the courts of the State and Jefferson county. He was an eloquent pleader before the bar, and twenty years ago the announcement that Gen. Young was to argue could always fill a courtroom.

### THE MARCH WOMAN'S HOME COMPANION.

The first of a series of articles by Roland Phillips appears in the March Companion. Mr. Phillips is in France engaged in securing definite information about soldiers who are reported missing and he writes his experiences. An account of the way New York treats the returned soldier is given in "When Johnny Comes Marching Home," by Anna Steese Richardson. A third echo of the war is found in the Companion Family Album, showing photographs and letters of little French orphans adopted through the Companion.

The fiction includes the opening installment of an amusing tale of "Colonel Wilkie and the Ladies," by Corra Harris; and engaging stories by Mary Stewart Cutting, Elizabeth Jordan and Sarah Comstock.

A color painting of Lincoln's favorite photograph is exquisitely printed in colors, well worth the frame and permanent possession.

The end of the was given impetus to fashions and they receive full attention in this issue.

Altogether the magazine is well-rounded and sparkling with interest.

## SAVE MONEY ON SHOES FOR THE WHOLE FAMILY

From Foochow, China, comes this letter from R. E. Gardner, Foochow College: "Neolin Soles have solved the shoe problem for me. Other soles wore out quickly on the rocky roads here, and I had no end of trouble with them," he writes.

Where other soles fail, Neolin Soles always stand the test of hard wear and rough usage. This fact points the way to economy. Buy Neolin-soled shoes for the whole family, and so save shoe money. And have Neolin Soles put on your old shoes, too.

These durable, flexible, and waterproof soles are scientifically made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

### ARE SOLDIERS INTERESTED IN RELIGION.

A few days ago a Colonel on the staff of the Commanding General of the American Expeditionary Forces in France returned to his home in this country. He is one of the youngest and most brilliant officers in the army, having risen within a very short time from a private in the ranks to a most responsible position. The day after his arrival he was interviewed by a newspaper reporter of his home city. He refrained absolutely from talking of his work or of the work of the army except in very general terms. Finally the question of religious work was broached. Blowing rings of cigarette smoke from his closely pursed lips, the youthful sage is quoted as offering the following comment:

"Oh, yes! The Salvation Army passed doughnuts and all that sort of thing, but as for the Y. M. C. A., why, the dying soldier doesn't care a whoop in hell for religion."

Was he right?

Stories told by returning soldiers, officers and religious workers do not agree with his statement. Records kept as carefully as circumstances permitted by religious workers in France disapprove it.

In the army camps in the United States carefully compiled reports disprove it.

A report has just been received at the Louisville State Headquarters of the Y. M. C. A. showing the work done by the Association in the Central Army department of fourteen States from the opening of the work, May 1, 1917, to December 31, 1918. There were 131 Y. M. C. A. huts in the Department with 775 secretaries employed, not including the S. A. T. C. This report shows that during those months more than 60,000,000 men visited the various buildings in the Central Department alone. More than 62,000,000 letters were written, paper being furnished free. Four million letters in money orders were taken care of in Association buildings. Over 12,500 miles of moving pictures were shown with an attendance of more than 6,000,000 and other entertainments attracted that many more. At regular religious meetings there was an attendance of

over 4,000,000 and a million men were enrolled in 30,000 Bible classes. Over 50,000 men pledged their allegiance to the cause of the Master and the war roll showed a total of more than 117,000 names. The "war roll" is made up of men who professed Christ and who asked to be affiliated with the church of their choice upon their return to civilian life. More than 3,000 men are on the "war roll" in Kentucky alone.

### To See Is to Believe.

### MINUTES OF EPWORTH LEAGUE MEETING.

The State Cabinet of the Kentucky Conference Epworth League was formally convened in a called session in Paris, Saturday morning at nine o'clock, with the President, Mr. Dennis V. Snapp, presiding. The meeting was held in Mr. Snapp's office in the Kentuckian-Citizen building, on Bank Row.

The following members of the Cabinet answered to the roll call: Miss Elizabeth Clark, Secretary, of Harrodsburg; Miss Lois Hall, Treasurer, of Lexington; Miss Drusie Frakes, Conference Reporter, of Carlisle; District Secretaries: Covington, Mr. P. C. Regan, of Covington; Danville, Miss Lula Arnold, of Wilmore; Lexington, Miss Emma Bedford, of Lexington; Maysville, Miss Bettie Shaw, of Carlisle; Shelbyville, Miss Pearl Wingfield, of La Grange; Rev. J. E. Savage, Conference President League Board, of Covington; Rev. H. A. Longino, Conference Treasurer League Board, of Burquin, and Mr. Snapp, President of League Conference and Secretary of Conference League Board.

The meeting was opened by devotional exercises conducted by the Rev. Mr. Longino, which was followed by a brief talk by Mr. Snapp who outlined the work of the day. Reports were received from the District Secretaries which indicated that the work throughout the State had been seriously affected by the influenza epidemic, but a hopeful spirit of optimism was expressed for the work in the future.

The receiving of reports and discussing of same was completed at the noon hour when adjournment was made for luncheon which was served by the Paris Chapter in the dining room of the Methodist Church.

A delightful chicken dinner had been prepared by the Paris Epworthians. The dining room was beautifully decorated in the national colors and a large photograph of George Washington was conspicuously displayed between two American flags in recognition of the anniversary day of the father of his country. The large dining table seated eighteen with Mr. Snapp at one end of the table, and Mrs. James Grinnell, Jr., President of the local Chapter, at the other end. The place cards were small red hatchets. The dinner was given in four courses.

The business reconvened in the afternoon at 1:30 o'clock, and the treasurer, Miss Hall, gave her report which was followed by a discussion of the League's part in the great Missionary Centenary. The Cabinet formally accepted the \$10,000 allotment, and on a motion by Mr. Regan the following annual apportionment was adopted for the districts:

Covington District	\$400
Danville District	275
Frankfort District	275
Jackson District	100
Lexington District	375
Maysville District	150
Shelbyville District	375

The Rev. Mr. Savage addressed the Cabinet, outlining a definite program of work to be undertaken by the League Board. A map will be prepared showing all the Methodist Churches in Kentucky and designating the churches which have League organizations and those which have not. The Board also proposes to organize within the next six months at least ten new League Chapters and to assist in forwarding the work in all seven of the District meetings to be held this spring.

Minute plans were outlined for the District Institute work, and the annual Conference, which will meet in Winchester June 23-27, was discussed at length and a tentative program including speakers was outlined.

The meeting was brought to a close with a talk by Mr. Snapp who gave a report of the recent meeting of the Presidents of the Central Division which was held in Birmingham, Ala. Some of the interesting facts which he brought out in his closing message were:

"In the last quarter of a century eighty per cent of all the missionaries sent out by the Methodist Church has been furnished by the Epworth League.

"The Epworth League was the first organization to be assigned and to definitely assume a part in the Missionary Centenary Campaign for thirty-five million dollars, pledging itself within the next five years to raise over three hundred and eighty thousand."

"Of the five hundred volunteers to be furnished within the next five years for missionary work the Epworth League proposes to recruit two hundred."

In urging unannounced co-operation and appealing to his co-workers for a large and nobler task, Mr. Snapp closed his talk by telling of his recent visit to Centennial Park, Nashville, Tenn.

"In returning from Birmingham, it was my privilege in company with Brother Savage, to visit Centennial Park. It is a beautiful place. One thing that attracted my attention was a large sun dial about four feet tall, which was surrounded by beautiful flower beds that were well cared for in every way. On the sun dial in Park. It is a beautiful place. One which invariably causes one to meditate:

"To-morrow 'tis not ours to know. That all again shall see the flowers. To-morrow is the God's, but only To-day is ours.

"Let us go from this meeting with a strong determination to immediately take up the work before us and press it to a successful conclusion. To-day, and not to-morrow, is ours."

The meeting then adjourned with the League benediction.

Baltimore, Md.—"Nearly four years

I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

at length and a tentative program including speakers was outlined.

### NEW CALOMEL IS BEST FOR COLDS AND INFLUENZA

Doctors Now Prescribe Calotabs, the Purified Calomel, That is Safe and Nauseless.

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose Calotabs, the perfected, nauseous calomel that is freed from danger of salivation, is the surest, best and most agreeable laxative.

One Calotab at bed time with a swallow of water—that's all, no salts, no nausea, no danger and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast.

### NAVY ISSUES ORDER FOR OVERSEAS FLIGHT.

Navy aviation experts are planning a flight across the Atlantic. Commander John H. Towers was ordered to take charge of "the development of plans and assemble of material and personnel for the proposed trans-Atlantic flight."

While it is not now known what equipment it is planned to use in the flight or when it will be attempted, it is recalled that the navy department during the war developed a monster seaplane equipped with three liberty motors giving it in the neighborhood of 1,200 horsepower. This machine has as its body a substantially built boat and has carried as high as 51 persons in flights of considerable length. It has been within the last few weeks repeatedly tested out along the Atlantic coast with great success.

**YANKEE ENGINEER ACCOMPLISHES SEEMING IMPOSSIBLE TASK.**

Declaring that it is the first time that a stone house has been moved in France, Sergeants Abe Greisner and Mike Murphy, of Company C, have recently finished a job of moving a 350 ton structure and have set it down on its new site.

The French said it could not be done and declared that the only way the road could be cleared for the new line of railway track would be to tear the house down. But the Sergeants with their detail of fifteen men started to work with picks and rollers and soon had the house moving across the fields. News of the feat spread and the authorities sent a photographer from the French Academy of Science to record officially the stages of the work.

The house was placed upon its new site without a crack. It is believed that this demonstration of American ingenuity will save many stations along the lines where the Yankee engineers are building additional tracks and switching yards. From the Spiker, France.

## OBITUARIES MUST BE PAID FOR.

Publishers of county papers have had to contend, among other things, with the people who want to have long obituaries of their deceased friends and relatives published free of cost. The papers of Central Kentucky long ago adopted a charge for this class of contributions. THE NEWS reprints from the Cynthiana Democrat what is about the clearest presentation on the subject, and asks all intending contributors to be governed accordingly:

"It seems to be necessary to state again that The Democrat, as well as all other well regulated newspapers, charge for publishing obituaries. Persons continue to send them in with request for publication and seem offended when they do not appear. It should be remembered that the charge is five cents a line, which is one cent a word. Therefore, please count the words and send check or cash with the request to publish, otherwise we shall be obliged to omit the obituaries. The Democrat prints notices of deaths as promptly as possible after the information reaches us and usually full details are given. We, of course, make no charge for this because it is a matter of news. Sympathy with bereaved ones is always felt by publishers, but it is not possible to publish obituaries and do justice to readers who are not directly interested."

## GASSED TWO DAYS AFTER SIGN-IN OF ARMISTICE

It was a hard war for the Three Hundred and Fifteenth Infantry and Jack Devereaux, a Broadway actor

and a lieutenant in Company L. He went through at least a dozen battles without a scratch and the day the armistice was signed he slapped himself on the back, congratulating himself as lucky.

Devereaux came home on the transport Abangarez with 106 other passengers, most of them soldier heroes, but instead of slapping himself on the back he was kicking himself all over. Two days after the war ended he was gassed.

The soldiers in this regiment were still cheering the defeat of the Germans, and Devereaux was walking through the ruins of Bars, near Verdun, when he accidentally tripped over a gas trap left by the enemy. The soldier-actor was overcome and for several weeks after was under treatment.
